U.S. EPA

Recognized for Safer Chemistry

Superco Specialty Products has earned the right to display the **DFE** logo on recognized products.

How did Superco accomplish this?

By investing heavily in research, development and reformulation, not stopping until their ingredients and finished products scored high up on the green end of the health and environmental spectrum.

Best yet; these safer products work as well as and in some cases even better than their previous counterparts.

When you see the **DFE (Design for Environment)** label on a product, what does it mean?

EPA allows safer products to carry the **Design for Environment (DFE)** label and logo. This logo allows consumers to quickly identify and choose products that can help protect the environment and are safer for all of us.

HOW DOES DFE MAKE SURE THAT PRODUCTS BEARING THE LABEL ARE REALLY SAFER:

DFE LOOKS CAREFULLY AT EACH PRODUCT'S INGREDIENT - THERE ARE NO EXCEPTIONS.

DFE starts with information that scientists already know about each ingredient; such as how it works in a detergent, and how it affects living things. When that information doesn't tell the whole story, the EPA goes deeper, into the ingredient's chemical structure, its components and its shape to understand how it could possibly impact the environment and/or people. A chemical's structure tells a lot about how the chemical will behave and what types of effects it may have when it comes into contact with people or the environment. **DFE** relies on the special skills of the scientists at the EPA who have studied chemicals for over the past 30 years.

DFE Products that make a difference...

SUPERCO GREEN OXYGENATED CLEANER/DEGREASER

is a concentrated heavy duty cleaner, degreaser, deodorizer and stain remover for use on walls, floors, tile, vinyl upholstery, metal, porcelain, concrete, and countertops.

USE ON:

Walls • Floors • Tile & Grout • Vinyl Upholstery
Metal • Porcelain • Concrete • Counter Tops
Use throughout your entire facility

Recognized for Safer Chemistry

SUPERCO GREEN RESTROOM CLEANER

is a special blend environmentally preferable mild surfactants and organic salts that create a cleaner as strong as mineral acid, yet mild as hand soap.

USE ON:

Walls • Floors • Tile & Grout • Stainless Steel
Aluminum • Porcelain • Copper & Brass
Counter Tops

Recognized for Safer Chemistry

SUPERCO GREEN CONCENTRATED NEUTRAL CLEANER

is a concentrated neutral cleaner & degreaser for use on walls, floors, tile, terrazzo, concrete, woodwork, enamel, porcelain, windows and metal surfaces.

USE ON:

Walls • Floors • Tile & Grout • Terrazzo
Metal Surfaces • Porcelain
Concrete • Woodwork

Recognized for Safer Chemistry

SUPERCO GREEN CLEANER & DEGREASER

is a multipurpose, heavy-duty cleaner & degreaser for use on walls, floors, tile, vinyl upholstery, metal, porcelain, concrete, and countertops.

USE ON:

Walls • Floors • Tile • Vinyl Upholstery
Metal • Porcelain • Concrete • Counter Tops

Recognized for Safer Chemistry

SUPERCO GREEN GLASS & MULTI-SURFACE CLEANER CONCENTRATE

is a powerful, specially formulated concentrated cleaner for spray & wipe applications.

USE ON:

Glass • Mirrors • Plastic • Stainless Steel
Fiberglass • Porcelain • Chrome

Recognized for Safer Chemistry

SUPERCO GREEN FLOOR STRIPPER

Dilutes up to 1:10 with Water
Rinse free - Requires no Neutralizing
Can be Used With or Without
a Floor Machine & Pad

Non Ammoniated & Pleasantly Scented

USE ON:

Hospitals, Schools, Hotels, Buildings
or on any Acrylic or Urethane Finish

Recognized for Safer Chemistry
