**SUPER PENS** are the choice when you need highly visible, permanent opaque colors to mark on metals, glass, plastics, lumber, rubber and a variety of non-porous surfaces, indoors or outdoors. Thick, liquid paint is dispensed through a patented valve mechanism. Major uses include quality control, witness marking, inventory tracking and color coding. A must have for welders, mechanics, steel fabricators and Q.C. inspectors, paint markers have thousands of professional and industrial applications.

## SUPER PENS

### Industrial Paint Pens

**SUPER PEN** is a uniquely designed pen that provides a highly visible mark with permanent oil based paint. The **SUPER PEN** offers a fast drying paint that can be applied to many surface types and materials, such as metal, wood, glass, plastic, rubber and many other smooth and textured surfaces. The **SUPER PEN** has a unique valve action, replaceable medium point felt tip for precise use. The **SUPER PEN** works like a marking pen, but supplies the performance of paint. The cap of the **SUPER PEN** is designed to be air tight in order to increase life and maintain consistent performance of the pen. The **SUPER PEN** is packaged for convenience and designed

for heavy duty industrial use.

**ADVANTAGES:** 1) Provides high quality oil based paint with precision of a marking pen. 2) Easy and clean to use. Simply press the tip down until inked, write as necessary and replace the cap when finished.

3) Available in black, red, white and yellow.

## Add ition al Inf or mation

**SUPER PENS** are medium point industrial paint pens that have excellent adhesion and coverage. Forget the guessing game and use to mark pipes, equipment, property, and more with ID codes, names or any other identifying marks! These durable and permanent pens are easier to control and avoids the "blob" problem often seen using a brush. Quick coverage, easy to use and durable enough for indoor/outdoor use. Can be used on metal, wood, glass, plastic, and many other surfaces. Available in Black, Red, White, and Yellow.
