**FOR PROFESSIONAL USE ONLY
CONSULT LABEL AND MSDS BEFORE USING.**

BIO-CLEAN All Purpose Cleaner/Degreaser is a heavy duty formula that has organic extract which is 100% biodegradable. *BIO-CLEAN* cleans and deodorizes effectively under all conditions. *BIO-CLEAN* contains a thick, clinging solution that will stick to vertical dry surfaces allowing it sufficient time to pull out all dirt, grease, smudge marks, fingerprints, etc., from doors, walls, file cabinets, locker rooms, bathroom fixtures, floors, etc. Safe on all painted and unpainted surfaces. Pleasant fragrance and easy to use, *BIO-CLEAN* contains no chlorinated or fluorinated solvents making it an ideal product to use in an environmentally conscious situation or where highly toxic products are not suitable.

DIRECTIONS FOR USE:

Shake well before using. Spray evenly over surface. Wipe clean. For heavily soiled surfaces, allow foam to remain for up to 1 minute before wiping.

We at SUPERCO are doing our share as a responsible company to help keep our natural resources and environment clear and clean. We are pleased to introduce our new line of earth friendly, biologically degradable products that meet and exceed our usual high standards of excellence and performance while still meeting your requirements as the end user.

FOR PROFESSIONAL USE ONLY.

Additional Information

These days there seems to be a cleaner for everything. Six different products for six different surfaces. This situation can get confusing even for an experienced maintenance person. To make things worse, many problems can arise if these chemicals are not used properly. For example, most bathroom cleaners are not safe on paint and many degreasers are not safe on some metal surfaces found in restrooms. To top it all off, virtually all of these products have an unpleasant chemical smell, so after an area is cleaned you have to spray a deodorizer as well. The solution to the problem is *BIO-CLEAN* All Purpose Cleaner/Degreaser. *BIO-CLEAN* is safe and effective on all washable surfaces and deodorizes as it cleans, too. This biodegradable formula is ideal to use in apartments, offices, public buildings, schools and industrial plants. *BIO-CLEAN* cleans and deodorizes restrooms in parks, schools and stadiums in one easy step. Use *BIO-CLEAN* to remove smoke stains and odors from walls, counter tops, tile, etc. in apartments and offices where people have smoked cigars and cigarettes for long periods of time. *BIO-CLEAN* is also effective for removing heavy soils in shower stalls and bathtubs made of fiberglass, tile, porcelain and enamel. This thick clinging foam cleaner is fast and easy to use. Just spray on and wipe away dirt and grime to leave a shiny clean, fresh smelling surface. *BIO-CLEAN* is one of many earth friendly products from Superco Specialty Products all of which are packaged in recyclable aerosol cans to make it easy for the end user to help us protect our environment through recycling programs.
