CONSULT LABEL AND MSDS BEFORE USING.

ENVIRONMENTALLY FRIENDLY

BIO-GEL Organic Gel Degreaser is a USDA authorized concentrated blend of organic solvents. It emulsifies tar, asphalt, road film, oil and grease in seconds. Rinse with water. Use on engines, buses, cars, trucks, walls, floors, etc., anyplace you find dirt and grime. **BIO-GEL** contains no chlorinated or fluorinated solvents making it an ideal product to use in an environmentally conscious situation or where highly toxic products are not suitable.

DIRECTIONS FOR USE:

To remove oil, grease, tar and asphalt from other surfaces, apply **BIO-GEL** to surface covering area to be cleaned completely. Allow **BIO-GEL** to work for ten to fifteen minutes. Wash off with a strong stream of water. Heavily soiled areas may require scrubbing or a second application.

When using BIO-GEL on painted surfaces, test a small area to be sure paint is not affected. Hold can eight to ten inches from the surface to be sprayed. Apply a thorough coating, being sure to cover all grease, oil or tar.

We at Superco Specialty Products are doing our share as a responsible company to help keep our natural resources and environment clear and clean. We are pleased to introduce our new line of earth friendly, biologically degradable products that meet and exceed our usual high standards of excellence and performance while still meeting your requirements as the end user.

Additional Information

BIO-GEL Organic Gel Degreaser is a heavy duty formula that contains no chlorinated or fluorinated solvents. Use **BIO-GEL** to remove tar, asphalt, heavy grease and tree sap from cars, trucks, buses, etc. This product features a gel base and slow evaporation rate which provides increased contact time to get the job done fast even on vertical surfaces. **BIO-GEL** is safe on most painted surfaces to make cleaning exterior walls splattered with tar and roofing material a breeze. Rental Car Agencies and Vehicle Maintenance Shops use **BIO-GEL** to remove tar and asphalt from body parts because it is safe to use and safe on the vehicle's finish. **BIO-GEL** is designed to emulsify the heaviest and thickest grease and oil buildup from trucks, vehicles and heavy equipment with or without the use of a pressure washer. **BIO-GEL** is excellent for cleaning tools, parts, equipment, work benches, carts, floors, machinery, road paving equipment, etc. **BIO-GEL** is one of many earth friendly products from Superco Specialty Products all of which are packaged in recyclable aerosol cans to make it easy for the end user to help us protect our precious natural resources.
