REPLACEMENT
USE ON: WAXED, VARNISHED,
SEALED OR UNSEALED FLOORS
MADE OF TILE, MARBLE,
TERRAZZO OR CONCRETE.

Product # 1029 Aerosol
Product # 5039 Bulk

FOR PROFESSIONAL USE ONLY
CONSULT LABEL AND MSDS BEFORE USING.

DUST TREAT Dust Mop Treatment contains oil for magnetic dust pickup and cleans many surfaces. Quickly saturates a dust mop but evaporates slowly. Also use as a dust cloth treatment for small jobs. Leaves surfaces completely free of dust, lint and hair. Restores wood surfaces and leaves other surfaces shining.

DIRECTIONS FOR USE:

Spray entire mop evenly until moist, but not wet. Repeat this step after each laundering. Apply mop treatment only after use and before storing. Hang mop by handle when not in use. Mop strands should be spread out for maximum contact with floor during sweeping. Push mop lightly. At end of row, release dust and dirt with a few shakes. Mop is then clean and ready to use again. For dusting furniture, spray a little treatment on surface to be cleaned. Wipe with a cloth rung out in clean water, then polish with a clean dry cloth. For dusting painted or polished surfaces, use lintless cloths as dust cloths.

Additional Information

Dust mopping of floors, hallways and furniture is a job done millions of times daily all across the country. Certainly dust mop treatments of all kinds have been around for decades. **DUST TREAT** is a remarkable product that give the user many advantages over conventional dust mop treatments. **DUST TREAT** is a special blend of natural oils that attracts dust like a magnet and leaves a refreshing fragrance. **DUST TREAT** restores wood and leaves other surfaces shining and actually prolongs the life of the dust mop. **DUST TREAT** when used as directed will not leave floors dangerously slippery due to excessive oil residue. Use **DUST TREAT** for dust mopping finished floors to extend the time period between waxing cycles thus reducing the labor cost of maintaining these areas. **DUST TREAT** aerosol contains no harmful CFC's that could adversely affect our environment. Consult your local **SUPERCO** representative for more information or a demonstration of **DUST TREAT**.
