ENVIRONMENTALLY FRIENDLY

INVADE AIR CINNAMON SPICE, VERY BERRY, CUCUMBER MELON, LINEN FRESH AND SWEET TEA Total Release Malodor Counteractants are designed to eliminate odors in a large area by releasing a volume of product that eliminates airborne odors as well as odors embedded into walls, carpet, ceiling tiles, drapery, upholstery, etc. **INVADE AIR** is a high powered, fine mist, total release fogger that will penetrate and chemically neutralize malodors at the source. **INVADE AIR SPICE** has a delightful cinnamon scent, **INVADE LINEN FRESH** has a fresh clean scent while **VERY BERRY, CUCUMBER MELON AND SWEET TEA** are fresh and sweet.

DIRECTIONS FOR USE:

For maximum effectiveness close all doors, windows, etc. and shut off all ventilation systems that move air to and from the area to be treated. Remove any pets and lightly cover any fish bowls. Cover or put away any food items or food utensils. After treatment, thoroughly clean all food prep surfaces and equipment prior to use. Turn out all electric lights and pilots lights. Use one or more cans for each 6,000 cubic feet of unobstructed area. Use additional cans where free flow of mist is not assured.

OUR ENVIRONMENT: PROTECTING OUR PLANET IS A PRIORITY HERE AT SUPERCO SPECIALTY PRODUCTS. WE HAVE RESPONDED BY MARKETING AN "EARTH FRIENDLY" SPECIFIC PRODUCT THAT IS ENVIRONMENTALLY SAFE, BIODEGRADABLE, AND LESS TOXIC TO OUR ENVIRONMENT. WE PROMOTE THE USE OF RECYCLABLE CONTAINERS AND HAVE VIRTUALLY BANNED THE USE OF CFC'S AS PROPELLANTS IN OUR AEROSOL LINE.

Additional Information

Unpleasant odors can often be difficult to eliminate. Constant cleaning and spraying will never completely remove stubborn smells that have embedded themselves into walls, carpet, ceiling tiles, upholstery, etc. Cigarette smoke, cooking odors, body odors and post-fire odors are just a few of the most common foul odors that persist in this fashion. This product is especially effective against nitrogenous and sulfurous odors emanation from urine, feces, decay, rancidity, animals and mildew. If odors continue to return after extensive cleaning then it is time to use **INVADE AIR** Total Release Malodor Counteracting. **INVADE AIR** chemically changes the organic material causing the odor so that the foul smells will not return after the fragrance has dissipated. Each canister will treat up to 6,000 cubic feet or area, eliminate odors from floor to ceiling in one easy treatment and leave the room smelling clean and fresh. Many public and common areas can not be treated conventionally due to traffic or occupancy. With **INVADE AIR** simply set off the canister at the end of the day when the area is unoccupied and by morning the air is nice and fresh without anyone being inconvenienced. **INVADE AIR** is available in five great fragrances; **CINNAMON SPICE, VERY BERRY, CUCUMBER MELON, SWEET TEA and LINEN FRESH.** **INVADE AIR** is one of the many earth friendly aerosol products from **SUPERCO SPECIALTY PRODUCTS** all of which are packaged in recyclable cans that make it easy for the end user to help us protect our precious natural resources.
