WELD-IT AEROSOL PVC PIPE & FITTING CEMENT

PRIME-IT AEROSOL PURPLE PRIMER

WELD-IT is a medium based multi-purpose cement for use on PVC connections in many different applications.

USE **WELD-IT** FOR:

- Irrigation conduit
- Sewer & Drain
- Pool & Spa
- Vent Systems
- Electrical Conduit

WELD-IT medium set PVC cement gives you approximately 10 seconds of adjustment time.

USE **PRIME-IT** PURPLE PRIMER FOR INSPECTION PURPOSES.

NOTE: DO NOT USE WELD-IT ON YELLOW NATURAL GAS APPLICATIONS.

Clean up: **WELD-IT** cannot be removed from connection once applied. Use acetone for cleanup.

Directions: Apply **WELD-IT** to clean dry surface. Spray on using short even strokes until thoroughly coated before firmly attaching fitting.

WELD-IT MEETS ASTM D2564-02 PART 5.5. PVC SCHEDULE RATING OF 40 & 60. **PRIME-IT** MEETS ASTM F656.

WELD-IT HAS A PSI RATING OF 675.

****PLEASE NOTE****

Although it is not necessary, **WELD-IT** may be used in conjunction with Superco's **PRIME-IT** Purple Primer for inspection purposes.

Additional Information

WELD-IT Aerosol PVC Pipe & Fitting Cement is the latest innovation in PVC cement. **WELD-IT** is designed to make irrigation and conduit projects quick and easy. Being an aerosol, **WELD-IT** eliminates the typical waste of canned PVC cement products which commonly dry out in the can before the product can be completely used. Because it will not dry out and has a shelf life of 5 years, this makes **WELD-IT** an economical solution for all PVC pipe and fitting work. **PRIME-IT** Purple Primer is the perfect solution when inspection purposes are necessary. Contact your local SUPERCO SPECIALTY PRODUCTS representative for a demonstration of these remarkable products.
