PATCH-IT WOOD

Epoxy Wood Repair Kit

- FILLS NAIL HOLES & STRIPPED SCREW HOLES, SCRATCHES, GOUGES, CRACKS AND DRY ROT.
- REPAIRS FURNITURE, MOULDING, FRAMES, ANY WOOD SURFACE.
- CAN BE PAINTED OVER OR STAINED, SANDED, DRILLED, SAWED, TAPPED OR MACHINED.
- CONTAINS NO SOLVENTS - HAS NO ODOR - WILL NOT SHRINK, CRACK, ROT OR PULL AWAY.
- HAS 20 MINUTE WORKLIFE & HARDENS IN 45 MINUTES AFTER FINAL CURE.

DIRECTIONS FOR USE:

For best results, clean and roughen bond area prior to application. Twist off desired amount of **PATCH-IT WOOD** and knead it to a uniform color. Apply to surface to be repaired (within 15 minutes of mixing). The mixed epoxy does not exhibit high bond strength at this point but appears to be merely lying on the surface. Force into any cracks or holes to be filled and strike off excess material. For a smooth appearance of the cured compound, hand rub with water or a damp cloth prior to hardening. Remove excess material before hardening begins. After 45 minutes the epoxy will harden and form a tenacious bond.
