**RITE-OFF**  
**NEW GENERATION**

**Pre-Moistened Graffiti Cleaning Formula**

**RITE-OFF** is the latest in graffiti cleaning technology. This remarkable product combines the convenience of a pre-moistened towel with the effectiveness of **Superco's** cleaning formulas. This aggressive easy to use system features a coarse yet non-abrasive texture that makes graffiti cleaning fast and easy. Safe on most plastics, Plexiglas and reflective signs, no other method of removing vandal's marks is as convenient as **RITE-OFF**. This unique towel quickly removes permanent marker, inks and paints of all kinds, including enamels. **RITE-OFF** is packaged with protective gloves for your safety. **RITE-OFF** Graffiti remover is also available in liquid quarts.

**USE ON:**

- Bathroom Partitions
- Painted Walls
- Elevator Walls
- Phone Booths
- Wall Tile
- Wood Siding
- Bus Seats
- Road Signs
- Stalls
- Newspaper Racks
- Desks
- Metal Poles

**USED BY SERVICE PERSONS AT:**

- Streets & Sign Crews
- School Districts
- Transportation Authorities
- Newspaper Distributors
- Rec & Park Departments
- Sports Facilities
- Utility & Power Crews
- Anywhere graffiti exist!

**DIRECTIONS FOR USE:**

**To Dispense:** Remove lid and pull towel from center and thread through "X" on underside of lid and replace cap. To use, pull towel at a 90° angle to tear at perforations. Keep hinged cap closed when not in use.

**Graffiti Cleaning:** Be sure to wear the reusable protective gloves included with **RITE-OFF** during use. Pull out a towel from the container and unfold to full size. Lightly wet vandal marks then proceed to scrub with towel. As the graffiti dissolves, use a circular motion to remove and absorb into towel. Repeat as necessary to clean completely. Heavy or multiple layers of paint may require the use of Superco's **GRAFFITI BUSTER** or **SUPER-STRIP** instead of **RITE-OFF**.

**SPECIAL INSTRUCTIONS AND PRECAUTIONS:**

**NOTE:** Always spot-test painted surfaces in an inconspicuous area to ensure that paint is not removed with graffiti. Occasional repainting may be necessary. Towels may soften or melt some plastics. Be sure to spot-test questionable materials before completely cleaning surfaces.
