SHINEY BRITE

SHINEY BRITE is an earth friendly all metal polish with superior performance. This remarkable product quickly removes the toughest oxidation and tarnish without the need for acids or abrasives.

DIRECTIONS FOR USE:

General cleaning: Apply polish with a soft cloth. Buff surface to a brilliant luster with a dry, soft cloth.

For heavy tarnish & rust: Apply polish with a non-scratch applicator pad, or fine steel wool. Buff surface with a dry, soft cloth.

Maintenance: **SHINEY BRITE** polishes and protects all metals. As needed, apply a small amount of **SHINEY BRITE** to a dampened sponge. Wipe metal area and buff with a soft, dry cloth.

INGREDIENTS	CAS NUMBER
AMMONIUM HYDROXIDE	1336-21-6
OXALIC ACID	144-62-7
MINERAL SPIRITS	8030-30-6
MORPHOLINE	100-91-8

We at SUPERCO are doing our share as a responsible company to help keep our natural resources and environment clear and clean. We are pleased to introduce our new line of earth friendly, biologically degradable products that meet and exceed our usual high standards of excellence and performance while still meeting your requirements as the end user.

Additional Information

SHINEY BRITE Earth Friendly All Metal Polish is an advanced formula that combines the luster and protection achieved with cream polishes with the cleaning power normally found only with acidic products. This quick and easy process makes the task of maintaining decorative metal surfaces much less time consuming. Conventional metal polishes use harsh acids and abrasives to strip away tarnish and oxidation, however, this process leaves the metal bare and unprotected. As a result, oxidation begins immediately and the surface will re-tarnish in a matter of hours. To maintain beautiful looking metals with commercial polishes requires daily labor. **SHINEY BRITE** cleans, polishes and leaves a protective coating to help keep the surface looking great for days and weeks at a time. Routine maintenance is also much faster with **SHINEY BRITE**, using a damp towel with a small amount of polish brings back a beautiful finish in seconds. This environmentally safe, mild formula can reduce the labor spent on metal polishing and maintenance by as much as ten times. **SHINEY BRITE** is one of many Earth Friendly products from **SUPERCO**, all of which feature superior performance while making it possible for the end user to help us protect our precious natural resources. Contact your local **SUPERCO** representative for a demonstration of **SHINEY BRITE**.
