FOR PROFESSIONAL USE ONLY
CONSULT LABEL AND MSDS BEFORE USING.

- SUPERAPPLE/ORANGE** Super Concentrated Fragrance:
- Continuously neutralizes unpleasant airborne odors.
 - Converts stale air to outdoor freshness.
 - Effective 3-way action:
 - * as a liquid deodorant.
 - * as a space spray.
 - * as a contact spray.

- Can be used in any odor-problem area such as:
- | | |
|-----------------|---------------|
| Banquet Halls | Locker Rooms |
| Reception Areas | Elevators |
| Lobbies | Basements |
| Lavatories | Kitchens |
| Hotel Rooms | Animal Labs |
| School Rooms | Hospitals |
| Meeting Rooms | Sick Rooms |
| Closets | Nursing Homes |
| Storage Areas | Kennels |

DIRECTIONS FOR USE:

In wall units:
Fill reservoir with liquid.

With absorbent granules:
Pour liquid directly on granules until saturated, and place granules in air freshener dispenser.

As a space spray:
Pierce seal and insert pump spray attachment*, tighten and spray towards center of room. Only a light spray is needed, as **SUPER APPLE/ORANGE** is very concentrated.

As a contact spray:
Spray directly on source of odors.

* Save pump spray attachment for use with next can of **SUPER APPLE/ORANGE**.

Additional Information

SUPER APPLE/ORANGE Non-Aerosol Super Concentrated Fragrance is perhaps the most effective and versatile odor counteractant on the market today. This product is not only powerful but it is specifically formulated to last for several days after application. **SUPER APPLE/ORANGE**'s unique ability to provide a pleasant fragrance for an extended period of time make it ideal for the areas with the worst odors. With conventional deodorizers these areas would need to be sprayed every hour or so in order to maintain a pleasant atmosphere. With **SUPER APPLE/ORANGE** once every day or two is enough to win the battle against foul smells in these troublesome areas. Why waste the labor costs involved with spraying an inferior product several times each day? Use **SUPER APPLE/ORANGE** in liquid-filled wall mounted dispensers or use a cup of absorbent granules filled with **SUPER APPLE/ORANGE** in other types of wall cabinets to extend the effectiveness of each treatment. **SUPER APPLE/ORANGE** can also be added to oil-based paints (mix @ 1-2 oz. per gallon of paint) to eliminate foul smells embedded into walls and ceilings from smoke, cooking and pet related odors. **SUPER APPLE/ORANGE** is the most powerful, most effective malodor counteractant available. Contact your local **SUPERCO** representative for a demonstration of **SUPER APPLE/ORANGE**.
