SUPER CLEAN PLUS

Electronic Contact Cleaner

- NON-FLAMMABLE
- HIGH PURITY
- DRIES FAST
- RESIDUE FREE

30,000 VOLT DIELECTRIC STRENGTH
 COMPLIANT WITH ALL STATE AND
 FEDERAL REGULATIONS

Product: # 4008-P

**FOR PROFESSIONAL USE ONLY
 CONSULT LABEL AND MSDS BEFORE USING.**

SUPER CLEAN PLUS Contact Cleaner is a high-strength, high-purity, high dielectric spray that contains no CFC's. **SUPER CLEAN PLUS's** special formulation is non-hazardous, non-flammable and safe to use on plastics, wire insulation and sophisticated electronic parts - Designed to be effective for removing oil, grease, flux and other contaminants - Leaves no residue, No TF solvent.

SUPER CLEAN PLUS contains no petroleum distillates and is non-flammable. This advanced formulation is years ahead of the competition and is in keeping with our commitment to our environment.

- USE ON:**
- PRINTED CIRCUIT BOARDS - CIRCUIT BREAKERS**
 - TERMINALS - RELAY SWITCHES - CONTACTS - TUNERS**
 - CONTROL PANELS - ELECTRONIC EQUIPMENT, ETC.**

DIRECTIONS FOR USE:
 Disconnect power source prior to application. Apply liberally to surface and allow to run off. Surface will dry residue free in minutes. For hard to reach areas use snorkel packed in case.

1,1,1,2-TETRAFLUOROETHANE	811-97-2

Additional Information

SUPER CLEAN PLUS Contact Cleaner is a breakthrough in chemical technology and just in time. For years contact cleaners of all types have been made from chlorinated and fluorinated solvents, which are basically pure CFC's, and have been depleting the earth's ozone layer for decades. In addition, these types of chemicals are unsafe to use and hazardous to store. As a result, the Federal Government has imposed heavy taxes and restrictions on these compounds making them more and more expensive every year, and ultimately they will be banned altogether. **SUPER CLEAN PLUS** is a safe replacement for any type of contact cleaner and is specifically designed to provide maximum performance and versatility. Use **SUPER CLEAN PLUS** on any surface, part or component. This revolutionary new formula is safe on all plastics, contacts, circuits, terminals, keyboards, wiring, coils, gauges, indicators, actuators, etc., dries fast and leaves no residue. **SUPER CLEAN PLUS** is nonflammable and contains no petroleum distillates. **SUPER CLEAN PLUS** is one of many earth friendly aerosol products from Superco Specialty Products all of which are packaged in recyclable cans that make it easy for the end user to help us protect our precious natural resources.
