SUPER-TABS

HVAC Condensation Pan Gel Tabs

SUPER-TABS are the latest in HVAC condensation pan treatment and as moisture drips or flows over SUPER-TABS forms a gel, locking them into place. Uniquely designed SUPER-TABS slow release formula lasts up to one season. SUPER-TABS cleans accumulations of sludge and slime. SUPER-TABS prevents rust build up. A clean pan prevents the growth of bacteria, slimy fungus, algae, mold and germs.

Use SUPER-TABS to eliminate most of the extra maintenance problems such as odors, overflows and water damage caused by plugging condensate drains, and pans. SUPER-TABS are easy to use, safe, non-toxic and non-corrosive when used as directed. The dissolving action forms a gel and tightly locks the geltabs into place. SUPER-TABS gradually dissolves for a positive prolonged cleaning action.

ACTIVE INGREDIENTS

N-Alkyl (60% C14,30% C16, 5% C18)

Dimethyl Benzyl Ammonium Chloride.....34%

INERT INGREDIENTS.....66%

HIMS RATINGS

Health.....1
Flammability.....4
Reactivity.....1

DIRECTIONS FOR USE

One tablet lasts for an entire normal cooling season. Use one SUPER-TAB SSP-3 geltab for each 3 Tons or less of Air Conditioning. Place one SUPER-TAB geltab in the condensate pan and position so that the condensing moisture drips on or runs over the geltab. The dissolving action forms a gel and locks the geltab into place, slowly releasing the SUPER-TAB geltab for a positive prolonged cleaning action.
