## Additional Information

Superco's new air freshener technology is like none other. When the **SUPER-FRESH FRAGRANCE CLIP** is made and the plastic is heated into a liquid, at that point the fragrance is added. The product then cools and the fragrance is impregnated into the cell. The **SUPER-FRESH FRAGRANCE CLIP** will last over 30 days and the fragrance is time released into the area that you want it to be placed.

**SUPER-FRESH FRAGRANCE CLIP** is the first and only air freshener dispenser that uses the fragrance as the air freshener. When changing, simply toss the old clip and replace with a fresh one...That's it!

Each **SUPER-FRESH FRAGRANCE CLIP** is made of a unique patent pending material that contains 30 times more air freshener than standard rim sticks. **SUPER-FRESH FRAGRANCE CLIP** gradually releases air freshener over 30 days. **SUPER-FRESH FRAGRANCE CLIP** is environmentally friendly, has low VOC (compliant in all 50 States), is 100% recyclable and will not dissolve or pollute water. **SUPER-FRESH FRAGRANCE CLIP** is easy to use, clips to the outside of the bowl and shrinks to fit as the fragrance dissipates.
