- SOOTHING GREEN TEA

**PRODUCT #1057**

**FOR PROFESSIONAL USE ONLY  
CONSULT LABEL AND MSDS BEFORE USING.**

**ELECTRO-MIST** Earth Friendly Odor Neutralizer is an aerosol product used in an automatic metered dispenser for continuous odor control in restrooms, trash chutes, laundry rooms, storage areas, apartment complexes, schools, hotels, offices, municipalities, etc. **ELECTRO-MIST** deodorants are the original, oxidizing formulas which are often copied but never equaled. These formulas revolutionized the odor control industry with their effectiveness. They do not simply cover-up one odor with another and they do not deaden the sense of smell. **ELECTRO-MIST** actually neutralizes offensive odors.

**DIRECTIONS FOR USE:**

Locate automatic metered dispenser about 7 feet from floor at a point where normal room ventilation will move the aerosol mist throughout the room. Remove cap and place container in dispenser with collar above metal bar in the dispenser. Approximately 100 mg of product will be dispensed with each spray. With the dispenser set to spray every 15 minutes on a 12 hour schedule each can will last in excess of 60 days (30 days on a 24 hour schedule). The propellant used is specially designed to keep the deodorizing particles suspended in the air until another spray is released.

*We at **SUPERCO** are doing our share as a responsible company to help keep our natural resources and environment clear and clean. We are pleased to introduce our new line of earth friendly, biologically degradable products that meet and exceed our usual high standards of excellence and performance while still meeting your requirements as the end user.*

**Add it on al I n f o r m a t i o n**

Controlling odors in restrooms, trash chutes and locker rooms can be very difficult. Wouldn't it be nice to have someone stay in these areas all day and do nothing but spray a deodorizer every fifteen minutes? That is exactly what the **ELECTRO-MIST** Time Release Odor Control System does. The **ELECTRO-MIST** Automatic Metered Dispenser mounts easily on any wall or cabinet and sprays one of fifteen fragrances every 15 minutes to insure total odor control. **ELECTRO-MIST** deodorants chemically neutralize foul odors not mask them as does many other products. **ELECTRO-MIST** is one of many earth friendly products from **SUPERCO SPECIALTY PRODUCTS** all of which are packaged in recyclable cans that make it easy for the end user to help us protect our natural resources.
