Product: # 1068 Aerosol
Product: # 3025 Quarts
Product: # 5122 Bulk

FOR PROFESSIONAL USE ONLY
CONSULT LABEL AND MSDS BEFORE USING.

ERASE quickly removes stains due to dirt, ink, grease, oil, mud, ketchup, urine, vomit, coffee, tea, alcoholic beverages, soft drinks and blood. **ERASE** contains no solvents which might soften carpet backings. Leaves no residue. **ERASE** also contains additives which destroy odors due to urine, vomit and blood and leaves a fresh lemon-like fragrance. **ERASE** is an incredible product that works like magic, and is our number one product that creates repeated sales and satisfied customers.

USE PRECAUTIONS: Although **ERASE** will not harm most carpet fabrics, the carpet needs to be tested for color fastness prior to using. To test for color fastness, spray a small area of carpet in a hidden or out of the way spot and let dry. If **ERASE** discolors the carpet, contact supplier before using. Do not use on white or light colored carpet. Do not over-saturate.

ERASE could penetrate to backing and leave spotting. Blot up cleaner thoroughly after application leaving carpet dry. If can is cold, product will foam but this will not impede the effectiveness of the product.

DIRECTIONS FOR USE: Can sprays upside down only. Remove protective cap. Shake well. Hold can upside down. Point opening in spray tip towards spot or stain. Depress the tab on the top of the spray tip to spray.

Hold can at arm's length. It is not necessary to bend down to apply this product. Apply in short bursts until spot or stain is well saturated. Stain or spot will be gone in seconds. Excessive deposits of grease, oil or ink may require additional applications. Wait until material is dry before reapplying

ERASE is our most popular most amazing product. One major benefit when using **ERASE** is the tremendous labor savings. With conventional products, removing spots requires application, scrubbing, waiting and many times follow-up vacuuming. This process can take as much as 30 minutes per spot making the entire job very time consuming and expensive. **ERASE** is fast and easy to use. Spots are gone in seconds without scrubbing, waiting or vacuuming. Carpets can be maintained easily reducing the need for shampooing and adding years of life to your fine carpets. This revolutionary formula contains no chlorinated solvents which are usually found in most spot removers. These solvents can dissolve the backing material and the glue that holds the carpet fibers in place causing the carpet to fall apart. **ERASE** is safe on virtually any carpet and can be effective for use on many types of upholstery. Contact your local **SUPERCO** representative for a demonstration of **ERASE**.
