

ENVIRONMENTALLY FRIENDLY

FLUSH is a powerful blend of safe organic solvents especially designed to quickly remove and flush away dirt, dust, grease & grime from all types of surfaces. **FLUSH** contains no chlorinated or fluorinated solvents making it an ideal product to use in an environmentally conscious situation or where highly toxic products are not suitable.

DIRECTIONS FOR USE:

Remove cap. Spray over the surface to be cleaned until completely saturated. Allow solvent to penetrate and soften soil. Wipe or rinse with a second spray. On heavily encrusted areas, use a brush. When cleaning electrical equipment, make sure equipment is off. This product may harm some plastics and painted surfaces. Test product in an inconspicuous area before using.

The YES Company!!

FLUSH-A

Organic
Safety Solvent Cleaner

- BIODEGRADABLE - ORGANIC SOLVENTS
- ENVIRONMENTALLY SAFE
- NON-CONDUCTIVE
- NO CHLORINATED OR FLUORINATED SOLVENTS
- NO PETROLEUM DISTILLATES
- SAFE ON MOST PLASTICS

USE ON EQUIPMENT, ELECTRIC MOTORS, MACHINERY, TOOLS, ENGINES, AIRCRAFT, AUTOMOTIVE, MACHINE SHOPS, OFFICE EQUIPMENT, DRILLING RIGS, ETC.

Product #4003

FOR PROFESSIONAL USE ONLY
CONSULT LABEL AND MSDS BEFORE USING.

INGREDIENTS

CITRUS TERPENE
DIPENTENE
CARBON DIOXIDE

CAS NUMBER

5989-27-5
138-86-3
124-38-9

Additional Information

FLUSH Organic Safety Solvent Cleaner is a powerful natural solvent that is ideal for industrial use. In today's environmentally concerned workplace, using hazardous materials like 1,1,1-trichloroethane, kerosene, diesel fuel, gasoline and several other petroleum distillates as parts cleaners is desperately avoided. The safety of the employee in the workplace is a high priority in today's industries and **FLUSH** Organic Solvent Cleaner is a safe replacement for petroleum distillates and chlorinated solvents. **FLUSH** not only replaces other more toxic products but also out performs them. **FLUSH** emulsifies heavy grease, tar, asphalt and is water rinsable. This remarkable cleaner features a heavy flushing action and does not evaporate as fast as many solvents which makes it much more effective for dissolving heavy grease buildups on trucks, lifts, tools and industrial machinery. **FLUSH** was specifically designed and manufactured to out perform electrical parts cleaners from other companies as well as all "gunk" type aerosol solvents while also proving to be safer for the user and the environment. Use **FLUSH** where other products have failed or prove to be unsafe to use and store.
