ODOR ABSORBER J

High Intensity Odor Control Granules

ODOR ABSORBER J is a unique odor control formula soaked into crushed walnut shells. This remarkable product effectively eliminates foul odors at the source and in the air making it the ideal deodorizer for trash bins, dumpsters, compactors, cigarette urns, etc. **ODOR ABSORBER J** is convenient, ready to use and works instantly to freshen and deodorize these areas at apartment complexes, hospitals, nursing homes, animal clinics, schools, public buildings, office parks, restaurants, restrooms or anywhere foul odors are a problem. **ODOR ABSORBER J** is the strongest dry deodorant available. Use this where other products have failed and be amazed with the results.

Authorized by USDA for use in Federally inspected meat & poultry plants.

DIRECTIONS FOR USE:

General Use: Apply liberally anywhere foul odors exist for control of airborne odors. Sprinkle into empty trash receptacles, recycling bins or compactors to prevent odors from becoming a problem. Reapply as needed to maintain a pleasant environment.

Cigarette Urns: Use instead of sand or mix with sand or any other base material. Will effectively maintain urn odors as well as create a pleasant room fragrance.

Sweeping Mix: May be mixed with any dry sweeping compound to provide odor control in warehouses, loading docks, ballrooms and meeting halls.
