- Residue-Free with Water Rinse

**Product # 1140**

**FOR PROFESSIONAL USE ONLY**  
CONSULT LABEL AND MSDS BEFORE USING.

**SSP-300 SOY**  
SOYBEAN CLEANER / DEGREASER

**SSP-300 SOY** is a safe, plant derived, easy to use, totally non-flammable solvent degreaser. **SSP-300 SOY** is a natural, industrial strength cleaning solvent made from 100% pure soy bean oil. **SSP-300 SOY** is the perfect biodegradable solvent cleaning solution. **SSP-300 SOY** has no harsh odor or vapors, is non-petroleum, and is made from a renewable resource. **SSP-300 SOY** contains no water, terpenes or citrus oil. **SSP-300 SOY** is another of Superco's new generation technology products.

**DIRECTIONS - SHAKE CAN WELL**  
Point actuator toward area to be treated. Spray in a slow sweeping motion approximately 6 - 8" from surface. Flush surface clean with product. To obtain residue free surface, flush treated area with water. For stubborn soils, allow first application to remain on surface for a few seconds, then rinse clean with a second application followed by water flush. NOTE: Product left on surface without water rinse may be slightly oily. Product is emulsifiable so that surfaces flushed clean with water will be residue free.
